# TERMS OF SALE.

PHILADELPHIA, January 1, 1915.

All bills purchased after this date will be charged at the prices quoted herein,—unless *special offers* are made by letter or telegram and *referred to* in the order. Not less than ten pounds of one variety will be invoiced at the rates per hundred pounds.

**Terms of Credit.**—To regular customers and well-known houses of established credit, all bills bought from this catalog are due June 1st, without regard to date of purchase, excepting Beans, Corn and Peas on which terms are (except when included in a general order) sixty days net or subject to a discount of one and a half per cent. for cash within ten days of invoice. *All accounts are subject to sight draft on June 10th, if payment is not received previously by mail.* Goods purchased after June 1st are payable on October 1st and subject to sight draft.

 Bills purchased on **special quotations**, made by letter or telegram, are *net* sixty days from date of invoice, or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

 **Grass and Clover Seeds, Onion Sets and Seed Potatoes** in quantity, are invariably **net cash**.

 Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

**Cash Discount.**—We allow a discount of **Five Per Cent.** on orders accompanied by a cash remittance, and also on all bills except where Beans, Corn and Peas only are ordered (at catalog prices) paid within ten days from date of invoice, or a discount of **One Per Cent. a month** on all bills (at catalog prices) if paid before June 1st.

**The Prices Quoted** are those ruling at this date. We expect to adhere to them through the spring, except where important changes compel us to advance or reduce our prices, when we shall be governed by the market. **10 lbs. and more will be supplied at the rates per 100 lbs.:**  $\frac{1}{2}$  lb. and  $\frac{1}{2}$  bushel at pound and bushel rates; but *smaller quantities will be charged at a higher rate.*

**NO CHARGE for Packing or Cartage.**—Bags and boxes are charged *at Cost*. After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases. **Insurance** will be effected only when so directed.

**SEALED PACKAGES.**—We make no charge for sealing **pounds, pecks, or bushels**, but at the low bulk prices quoted, we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

**In Ounces.**—One cent per ounce, 50 cts. per 100 ounces.

**In Quarter-Pounds, Pints, and Quarts.**—Two cents for each package.

**In Two-Quarts and Four-Quarts.**—A charge of three cents per package.

**WE DO NOT COMMISSION SEEDS.**—In response to hundreds of inquiries each year, we would state that we **positively decline to send out any Seeds on Commission**. Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

## Discounts TO THE TRADE From our Retail Prices.

In our Retail Catalog—**BURPEE'S NEW ANNUAL FOR 1915**—are many varieties of seed in packets for which frequently other dealers receive retail orders. We supply

**All Seeds in Packets at 50 Per Cent. Discount.**  
**500 packets or more at 60 Per Cent. Discount.**

Excepting **ILLUMINATOR, WEDGWOOD, ROBERT SYDENHAM** and **MARGARET ATLEE Sweet Peas**.

Small quantities from our Retail Catalog, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

<b>Vegetable Seeds by the Ounce,</b>	-	-	-	<b>40</b>	<b>per cent. discount</b>
<b>Seeds by the Quart or Pint,</b>	-	-	-	<b>33<math>\frac{1}{3}</math></b>	" "
<b>Potatoes by the Pound,</b>	-	-	-	<b>40</b>	" "
<b>Bulbs in Collections,</b>	-	-	-	<b>20</b>	" "

 For prices on **Gem and Nasturtium**, also **Sweet Pea Collections**,—see page 61.

At the above liberal rates of discount the goods travel at expense of purchaser, and when sent by parcel post the cost of postage will be added to the invoice.

# Burpee's Seeds Grow and are the Best Seeds that Can be Grown

---

PHILADELPHIA, January 1, 1915.

## *To Dealers in Seeds:*

The truth of the above famous "Advertising Slogan" is attested by the acknowledged fact that we have maintained for so many years our unique position as the Largest Mail-Order Seed House in the World.

For more than an average generation it has been our aim always to meet competition in Quality rather than price. "Quality-Seedsmen" recognize the fact that those who plant, either for pleasure or profit, soon learn that the difference in cost of seed is really not worth considering when compared with the difference in value of resulting products.

Besides the protection of Fordhook, Sunnybrook, and Floradale trials, we have also the knowledge gained by traveling more than thirty thousand miles each season to inspect growing crops. Thus we safeguard the production of Burpee's "Seeds that Grow." It should be understood, however, that in common with other honest seedsmen, we assume responsibility only for the amount paid for the seed. We are not in the insurance business, as neither we, our employees, nor even our customers are infallible! Such constant care is exercised, however, that there is but little danger of a mistake being made.

We have no second grade or so-called "cheap seeds," and seek the trade only of dealers and planters who are willing to pay a fair price for the best it is possible to produce.

☞ For honest descriptions that *really describe* the characteristics of the various Vegetables and Flowers, with illustrations from photographs, kindly consult our Retail Catalog, copy of which has been already mailed to you.

The printed prices have been fixed at actual values as they appear to-day. Wherever possible, however, we shall be pleased to make **Special Quotations by mail or wire** to buyers of large quantities. Trusting to be favored with your orders throughout the season, and assuring you of prompt and faithful attention,

We remain, sincerely yours,

# Telegraphic Cipher (or Cable Code)

## FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example :

**Arad Jaundice, Jean, Benares, Calliope, Lamprey, Malmo Balcony,** would mean, ship at once, cheapest route, ten pounds each **HELEN PIERCE** and **JANET SCOTT SWEET PEAS**, twenty-five pounds each **BURPEE'S ALLHEAD EARLY CABBAGE** and **BURPEE'S EARLIEST WAY-HEAD LETTUCE** and ten bushels **BURPEE'S STRINGLESS GREEN-POD BEAN**.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

**IMPORTANT.**—This telegraphic cipher must be used **ONLY** on orders by telegraph or cable, and never in written orders sent by mail.

# TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

**Dab Cefalu Carding Debauch, Tokay Bacon Densely**, would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds BURPEE'S SUREHEAD CABBAGE at \$1.65 per pound, two hundred bushels EXTRA EARLY RED VALENTINE BEAN at \$4.25 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

**Dare Angola Perturb Deburse Mocha Bib Dew**, meaning : Ship at once by freight, as per special quotations, five pounds RUBY KING PEPPER at \$1.85 per pound, sixteen bushels BURPEE'S BUSH LIMA BEAN at \$6.50 per bushel.

 By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3.

# Best Seeds that Grow for 1915,

Tested and Proved at our Fordhook Farms.

THIS PACKAGE (IF UNBROKEN) CONTAINS ONE OUNCE OF

Here follows the same "electrotyped" label as printed on our packet bags,—giving in full the name of the variety, and in case of the more important Vegetables and Flowers, also an illustration, description, and frequently directions for culture. Every package bears our full firm name, and is neatly printed in black ink, presenting a more attractive appearance than do the usual gaudy lithographed bags.

Every ounce-package is **dated** as above.

Packets, although not dated (because the electrotypes generally require the entire front of the bag), are all filled with the same choice quality of the **Best Seeds that Grow for 1915.**

**W. ATLEE BURPEE & CO., Seed Growers.**

Seeds of the best quality cost very much more to produce than do seeds of the ordinary commercial grade. And yet many merchants, having little or no knowledge of the value of **High-class Seeds**, purchase their supplies wherever they can be obtained the cheapest. It was brought to our notice that some merchants would buy a bill of seeds from us, obtain copies of our catalogs and show-cards, and then purchase a portion of their supplies from other seedsmen, who, growing "*cheap seeds*," could sell at much lower prices. In many cases planters who purchased from their local merchants, thinking that they were obtaining **BURPEE'S SEEDS**, got only a few of our seeds (perhaps in packets), and often the seeds bought by weight or measure were of inferior quality, falsely sold on our reputation, but for which we were not in any way responsible.

This deception was brought so prominently to our attention some years ago that we debated seriously whether we should not decline altogether to sell **BURPEE'S SEEDS** at wholesale. Further consideration, however, showed us that this would hardly be fair to the honorable merchants who had been handling our seeds exclusively for years. Therefore we announced that—

Hereafter we will sell Burpee's  
Seeds **ONLY** in sealed packages.

Packets and ounces, in *Water-tight Manila Bags*, are sealed, and bear, plainly printed, either our **Name** or **Registered Trade-mark Monogram**, protected by United States Letters Patent. Quarter-pounds, pounds, pints, and quarts, in paper bags, have pasted across the top a **green label**, as below :

## BURPEE'S SEEDS THAT GROW

FOR 1915—"BEST BY TEST"

**Genuine,—if this Seal is Unbroken**

Facsimile of our well-known "Green Seal."

**SEEDS IN BULK**,—that is, Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, will have **each sack sealed with our Trade Mark on a leaden seal.**

This plan will be a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and at the same time will be a guarantee to the purchaser.

**LARGE DEALERS WHO SELL ON THEIR OWN REPUTATION  
CAN BUY SEEDS IN BULK FROM US, AS HERETOFORE.**

While every sack is sealed, the contents can be handled as desired,—except that they must not be sold as **BURPEE'S SEEDS**, unless in **original packages.**

### BURPEE'S BOX OF FLOWER SEEDS.

This box, which is fully described on page 62, contains 200 packets of the most popular quick-selling varieties, all of the best quality.

### BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This cabinet is an ornament to any store. A lid, fitting grooves in the side, accompanies each cabinet, making it practically dust proof when put away for another season's use. See page 63 for full description and list of varieties.

# Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

 This Price List Cancels all Previous Quotations. 

 **A Telegraphic Cipher (or Cable Code)** is attached to each variety, by which orders can be wired at little expense,—using also our code for prices, weights, and measures as given on pages 2, 3, and 4. For example:

**Darken Pelew Balcony** would mean: Send immediately, by fast freight, forty bushels of BURPEE'S STRINGLESS GREEN-POD BEAN at catalog price.

**Dared Breda Cage** would mean: Send immediately, by express, fifty pounds of best select JERSEY WAKEFIELD CABBAGE as per *special* quotation.

**Darnel Amoy Lantern** would mean: Send immediately, by mail, three pounds of seed of BIG BOSTON LETTUCE.

 Please use telegraph cipher only for telegraphic or cable orders.

Telegrams should be addressed,

**W. ATLEE BURPEE & CO., Philadelphia.**

**Our Cable Address is: BURPEE, Philadelphia.**

## Burpee's Seeds are "Seeds of Success."

The purchaser of BURPEE'S SEEDS does not buy twenty cents' worth of risk with five cents' worth of seeds,—the Trial Grounds enable us to fill packets with seeds only.

Every truck-patch or flower-bed, large or small, is the planter's "trial ground."

We desire that our seeds and not your patience shall be tried there.

FORDHOOK FARMS (and SUNNYBROOK) render our desire attainable.

**The Value of a Guarantee is not in what is said, but who says it.**

For thirty-eight years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

## Burpee's Seeds are "Seeds that Grow."

The purchaser of BURPEE'S SEEDS does not buy twenty cents' worth of risk with five cents' worth of seed,—the Trial Grounds enable us to fill packets with seeds only.

Every truck-patch or flower-bed, large or small, is the planter's "trial ground."

We desire that our seeds and not your patience shall be tried there.

FORDHOOK FARMS (and SUNNYBROOK) render our desire attainable.

**“Proved by Test.”** Unless you should order some variety that we do not catalog and instruct that we get it for you (when we shall send it at your risk,—in its original package), you may be absolutely sure that you will receive from us only such stocks of strictly high-grade seeds as have been proved absolutely **“Best by Test.”**

Many seedsmen have much to say about tested seeds, but unfortunately with most dealers this applies only to blotter tests for vitality. Our tests for vitality are *soil* tests. While necessary that *seeds grow*, it is of prime importance that they shall be of choicest selected strains, such as can be relied upon to produce products **“true to type.”** This can be learned only by thorough field trials. No other seedsmen in America make so many or such complete trials as are conducted annually at our famous FORDHOOK, FLORADALE, and SUNNYBROOK FARMS.

# Burpee's Seeds Grow!

**Lower Prices** could easily be quoted were we not practical growers and testers of seeds ourselves.

Were we willing to take simply the "say-so" of other growers in America and Europe, without proving the stocks in greenhouses, frames, and open field trials, we should save thousands of dollars annually. In that case, however, we would never have succeeded in building up and maintaining,—in spite of close competition,—a business that is acknowledged to be the largest direct mail-order seed trade in the world.

## Burpee's Seeds are "Seeds that Grow."

The purchaser of BURPEE'S SEEDS does not buy twenty cents' worth of risk with five cents' worth of seed,—the Trial Grounds enable us to fill packets with seeds only.

Every truck-patch or flower-bed, large or small, is the planter's "trial ground." We desire that our seeds and not your patience shall be tried there.

FORDHOOK FARMS (and SUNNYBROOK) render our desire attainable.

## Quality is the First Consideration <sup>in Burpee's</sup> Seeds. The

best quality it is possible to produce—that is the rule with all Burpee's Seeds. While our prices must be higher than those of some other houses, yet the quality of the seeds in every case warrants the prices charged. We aim always to excel in quality rather than to compete in price.

**Burpee's Flower Seeds** are just as carefully and as thoroughly tested as our **Vegetable Seeds**, and we know that there is not offered seed of any better quality than stocks we now have in our warehouse.

If you have never carried flower seeds in stock, there is no better way to try the taste of your customers than by offering the special Sweet Pea, Nasturtium, and Gem Collections, offered on page 61.

Our **Flower Seed Box**, offered on page 62, gives a very convenient way of handling the separate packages at a very slight cost.

**“Proved by Test.”** Unless you should order some variety that we do not catalog and instruct that we get it for you (when we shall send it at your risk,—in its original package), you may be absolutely sure that you will receive from us only such stocks of strictly high-grade seeds as have been proved absolutely **“Best by Test.”**

Many seedsmen have much to say about tested seeds, but unfortunately with most dealers this applies only to blotter tests for vitality. Our tests for vitality are *soil* tests. While necessary that *seeds grow*, it is of prime importance that they shall be of choicest selected strains, such as can be relied upon to produce products **“true to type.”** This can be learned only by thorough field trials. No other seedsmen in America make so many or such complete trials as are conducted annually at our famous FORDHOOK, FLORADALE, and SUNNYBROOK FARMS.

# Grand New Spencer Sweet Peas.

**Illuminator** (Burpee's). In color it is perfectly distinct from all other varieties and has been pronounced *the most glorious Sweet Pea ever seen*. It might be described as a rich glowing cerise-salmon, with an indication of bright orange suffusion which marvelously scintillates and glistens under bright sunlight; under artificial light the flowers appear to be a glowing orange-scarlet. Uniformly of large size and great substance. The flowers are most perfectly formed, and well placed on long stout stems, frequently in "fours." Of vigorous growth, the vines carry a rich profusion of bloom. We were awarded a Certificate of Merit for ILLUMINATOR both by the American Sweet Pea Society at the great Boston Show, July, 1913, and The Pennsylvania Horticultural Society, Philadelphia, June 26, 1913.

In sealed packets containing twenty-five seeds each: Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts. In lots of 500 packets or more, \$6.25 per 100 pkts. (Cable word, SHINING.)

**King White** (Burpee's). Too much cannot be said in praise of this unique new white Spencer. It has all the first-class qualities which go to form Sweet Pea perfection. It is remarkable for the "*glistening immaculate purity of the whiteness*" and the perfect finish of the flower. While of truly gigantic proportions, the flowers are most exquisitely finished in every detail. KING WHITE has such marvelous substance,—which might almost be termed "leathery,"—that it is entirely free from the objectionable reflexing habit so generally found in the standard of other whites. The grand flowers are borne almost invariably in "fours" upon stout stems of great length. The bold, widely expanded standard is waved exquisitely, while the wings, also well waved, are beautifully placed. The plants are exceptionally vigorous in growth with distinctive rich green foliage, and wonderfully profuse in bloom for a long season. KING WHITE is the one white for both exhibitors and market growers, while it is indispensable in every up-to-date amateur's collection. KING WHITE received an Award of Merit from THE NATIONAL SWEET PEA SOCIETY OF ENGLAND, July, 1912, after having been grown in their trials; also Award of Merit by THE ROYAL HORTICULTURAL SOCIETY OF ENGLAND, July, 1913; Certificate of Merit by THE PENNSYLVANIA HORTICULTURAL SOCIETY, Philadelphia, June 26, 1913; and Bronze Medal from THE NORTH LONSDALE ROSE SOCIETY, Ulverston, England, July, 1913.

PRICE FOR 1915,—\$8.00 per lb. (Cable word, KING.)

**Wedgwood** (Burpee's). This beautiful novelty is likely to become quite as popular in the Sweet Pea world as the famous china is among connoisseurs. WEDGWOOD is a unique shade of lovely light blue and completely eclipses such varieties as *Flora Norton Spencer*, *Princess Mary*, *Southcote Blue* and *Zephyr*. The flowers, of good size and substance, are well waved in both standard and wings; they are borne almost uniformly in four-flowered sprays upon long stout stems. WEDGWOOD is a color long sought for in Sweet Peas and will be eagerly welcomed by all lovers of this beautiful annual. It was awarded a Certificate of Merit by the Pennsylvania Horticultural Society at the Philadelphia Sweet Pea Show, June 26, 1913.

In sealed packets containing twenty seeds each: Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts. In lots of 500 packets or more, \$6.25 per 100 pkts. (Cable word, CHINA.)

In sealed packets containing forty seeds each: Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts. In lots of 500 packets or more, \$12.50 per 100 pkts. (Cable word, WEDGWOOD.)

**Margaret Atlee.** This charming novelty is acknowledged by leading experts of America and England to be the *best cream-pink yet obtained*. It is practically a *new shade of pink*. The lovely flowers, uniformly of most advanced Spencer type, are a rich glowing pink on cream ground, softly suffused with salmon in the standard, while the wings are a pleasing shade of pinkish rose and salmon. There is a distinct blotch of buff-primrose at base of both standard and wings which is particularly effective, giving a light, bright appearance to the entire flower. The flowers are of extraordinary size, often measuring two and one-half inches across the standard, exquisitely waved, and freely produced in "fours" on long stout stems.

In sealed packets containing forty seeds each: Per pkt. 15 cts.; \$3.50 for 25 pkts.; \$12.50 per 100 pkts. In lots of 500 packets or more, \$10.00 per 100 pkts. (Cable word, MARGARET.)

**Robert Sydenham.** This wonderful novelty is worthy of the name it bears. As is well known, the late ROBERT SYDENHAM, of Birmingham, England, was a most enthusiastic lover of Sweet Peas, and did much in his day to further the interest of all classes in his favorite flower.

This new Sweet Pea is a magnificent glowing orange self, quite as brilliant in color as *Stirling Stent*, but without cerise or pink, and is considered to be the *nearest approach to yellow yet seen*. The flowers are of large size, usually produced four on a stem, well placed and beautifully waved. The vines are of vigorous growth, blooming profusely, while the flowers are practically sunproof. In original sealed packets of ten seeds each:

Per dozen packets \$2.00; \$15.00 per 100 packets. (Cable word, SYDENHAM.)

## The "SPENCER" Type of Sweet Peas.

"SPENCER" SWEET PEAS are a great specialty with us! We were the first to grow the seed in America—the stock having been entrusted to us before introduction, even in England, of the original *Countess Spencer*. We have grown "the original Beauty" and its many "sportive" children with painstaking care each season since. There are but few other growers, either in England or America, who can supply an equal assortment of *True RE-SELECTED "SPENCERS"* that are uniformly of such choice quality. Seedsmen and planters generally can see how superior our stocks now are by the trials at FORDHOOK FARMS next June or July, while those who may be in California are invited also to inspect the growing crops at our FLORADALE FARM in the beautiful Lompoc Valley. Every planter's garden, however, is really a trial ground and we shall be quite content if

any "Doubting Thomas" will send us only a portion of his order and *note the difference* in character of flowers produced!

**Floradale Farm** produces in addition to tons of Sweet Pea seed the very finest strains of *Centaurea Imperialis*, *Cosmos*, *Dahlias*, *Delphiniums*, *Dimorphothea*, *Eschscholtzia*, *Hollyhocks*, *Marigolds*, *Nasturtiums*, *Pelargoniums*, *Pentstemons*, *Petunias*, and *Verbenas*.

# BURPEE'S FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and, except where otherwise priced, one-quarter ounce at ounce rates, where not less than sixty cents per ounce. Of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. *Not less than one ounce will be supplied of varieties priced at 15 cts. or less per ounce.*

These flower seeds are all of the finest strains of the best varieties, and are sure to give satisfaction. While many are grown by ourselves at FORDHOOK, FLORADALE, and SUNNY-BROOK FARMS, or by our private growers in America, all are tested thoroughly both for vitality and purity. Those that are imported are obtained only from the best growers in Europe, whose crops we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold.

 As is well known, we are headquarters for Sweet Peas (see preceding pages), supplying the most critical trade, both at home and abroad, with thousands of pounds annually.

 We call your attention especially to our Nasturtium seed, which is grown for us under careful supervision, and is of a quality much superior to the usual strains offered to the trade.  See pages 55 and 56.

## The Value of a Guarantee is not in what is said, but who says it.

For thirty-eight years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

# A California Editor's Visit to Fordhook Farms.

## "The Name of Burpee a Household Word."

One of the objects of my visit to the Eastern States last May was to see FORDHOOK FARMS at Doylestown, and the seed house of Burpee & Co. in Philadelphia.

Wherever I go in this great Southwest, whether it be on the desert, where some hardy pioneer and his family have located, redeeming the barren waste from desolation, converting it into oases of green fields of Alfalfa, of waving grain, fruitful orchards, and vineyards by the artificial application of water, there I find the name of Burpee a household word; or, if my travels take me among the inhabitants of the country already developed, there I find in every garden flowers and vegetables grown from seed bought of the house of Burpee & Co. True it is, they advertise extensively, but to my mind there was some reason which does not appear on the surface, more potent than accrues to the man or firm who pays for publicity, for the high esteem in which the firm is held by gardeners, whether amateur or professional, all over this fair land.

On the 27th of May I was taken to Fordhook by George W. Kerr, whose duties are to make notes of the behavior of the different plants on trial during the summer months, record his observations, and file them away for future reference. More than twenty thousand tests are made in a season, which keeps a man very busy. He has no time to waste while on the job. A word concerning the location will, I am sure, be of interest. It is located on and covers a dome a mile in diameter at the base, and about 150 ft. higher than the surrounding country. No matter on which side of this well proportioned hemisphere one happens to be, a vista of beautiful landscape, miles in extent, presents itself to the vision. To a lover of the beautiful in nature, no more enticing scene is to be found in this country.

A rain, enough to dampen a field of thoroughly prepared ground, came that way the afternoon I arrived, and on the morrow every available man on the place was put to planting Tomatoes, to be grown for the seed they will produce. Ninety acres are devoted to this one crop. A field was planted to *Salvia splendens*, and another was ready to receive several thousand *Heliotrope*, also for the seed. The question arose in my mind, Why not produce the seed of these two staples in California? Both subjects are hardy in this State in the warmer portions, where they came through the freeze of January 4, 1913, without injury. Howard Earl, general superintendent of the company, drove me around the farm, and as a booster for Pennsylvania he will compare

very favorably with the most enthusiastic member of that class of citizen that California can show on its behalf.

I was piloted through the seed house by a cousin of Mr. Burpee. The season for selling seed was almost closed, yet there were 125 employees at work filling orders on the 28th of May. Up to that time more than 200,000 orders had been received and filled since January 1. Seventy mail sacks daily was the record for the month of March; the 27th of the month was a record breaker, when 75 sacks, weighing 4779 pounds, were sent out. The postage on the lot for that day was \$439.91. The details of a business of such vast proportions is incomprehensible to any one not trained therein, therefore no attempt will be made to explain them. The comfort of the employees is looked after in a manner worthy the study and the emulation of other employers. A rest and dining room is provided for the girls where they eat their lunches. These they bring with them or buy them there as they may choose. My curiosity led me to inquire the prices charged. Tea or coffee, including cream and sugar, two cents; milk or cocoa, the same price; ham sandwiches, three cents; bread and butter, two cents; strawberries and cream, three cents.

A printing office in the building is kept at work the year around. Up to May 9, 5½ million bags and labels had been printed since July 1. The ingeniously constructed, delicately adjusted machines for the measuring of seeds, and putting them in sacks of all sizes, sealing the sacks and counting them into boxes placed there to receive them are marvels of labor-saving devices, without which so large a business as is done there, in a season, could not be transacted by five times the number of present employees, who number over three hundred in the height of the season.

Directing this large seed business is the personality of W. Atlee Burpee. His optimistic spirit, his unbounded faith in his fellows and his generous impulses permeate its very atmosphere, which begets loyalty of the highest type in every employee, and in its every patron, a combination which, in my opinion, has made Burpee & Co. the great mail-order seed house it is.—*From THE FLORISTS' EXCHANGE, New York, July 11, 1914. This is part of "A SOJOURN IN THE EAST," by P. D. BARNHARDT, Editor Pacific Garden, Los Angeles, California.*

## Burpee's Annual for 1915.

This "SILENT SALESMAN" of the World's Largest Mail-Order Seed Trade is a Bright Book of 182 Pages. It tells the *plain truth* about the Best Seeds that can be grown,—as proved at our famous FORDHOOK FARMS,—the largest, most complete Trial Grounds in America.

Handsomely bound in lithographed covers, it shows, with the colored plates, Three Specialties and One Superb Novelty in unequaled Vegetables, and Three Beautiful Asters, also Four of the Burpee "Spencer" Sweet Peas. It is a Safe Guide to success in the garden, and should be consulted by every one who plants seeds, whether for pleasure or profit.

**Mailed Free** upon application. Shall we send *YOU* a copy?
